afla limited

chartered landscape architects

www.afla.co.uk

Introducing afla limited, a professional landscape architectural practice (registered with the Landscape Institute) based in Bristol.

Through many continuing successful collaborations with architectural practices, we have managed to achieve innovative, affordable, environmentally sensitive and sustainable designs in both the public and private sectors.

afla limited is now looking to expand its client base of architectural practices with whom to develop successful collaborative partnerships.

If this is of interest or you would like further information, please contact Alex Fraser, Practice Director, on:
